Human Resources

The Fiscal Year 2015 Budget contains funding for an organization whose workforce size has decreased over the past decade.

The chart at the lower right of this page depicts changes in budgeted positions and human resources costs. The net change in the number of budgeted positions reflects a decrease of 32 positions since Fiscal Year 2008. During this same period, the City has continued to grow geographically and in population. This clearly demonstrates a rather remarkable effort at controlling the increase of staff resources.

In the budget, the average cost of salary and fringe benefits for each full time employee is approximately \$58,331 per year. Consistent management of the size of the City's work force is a critically important factor in controlling not only the cost of human resources but the entire City budget.

The Fiscal Year 2015 human resources budget is comprised of the following components:

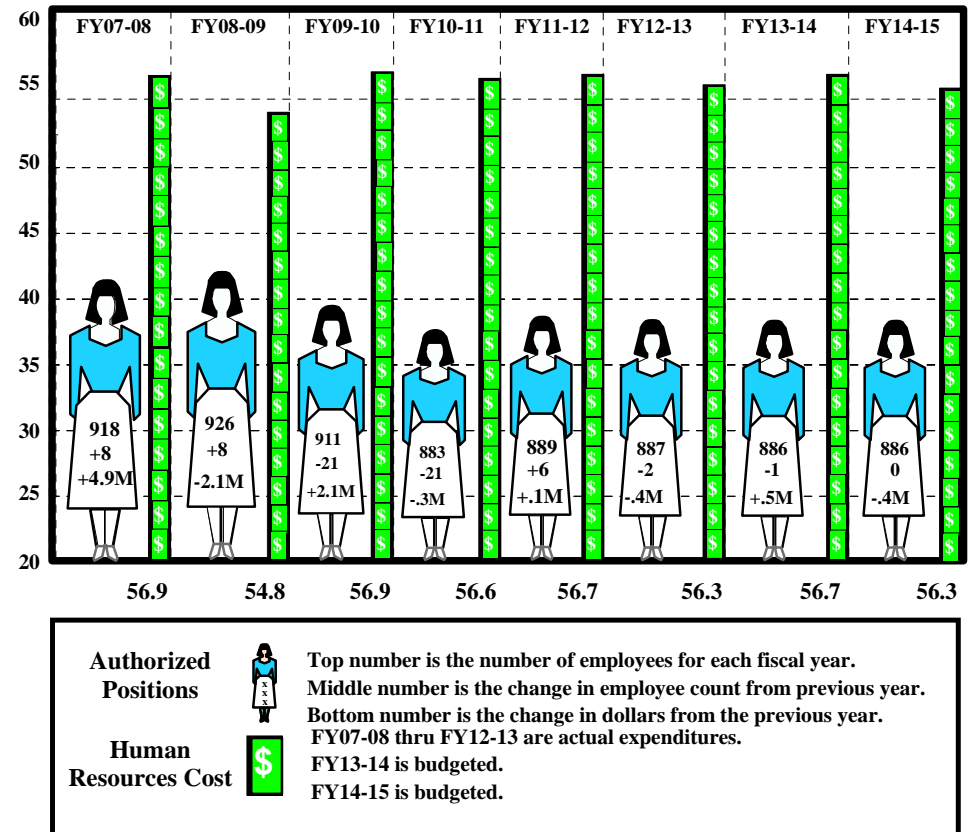

* All employee medical, life and dental insurance coverages are included as well as funding for retirement, F.I.C.A. and all budgeted overtime.

*A Christmas Bonus of 3.50% of salary with a \$350.00 maximum.

*A salary increase of \$1,000 for full-time and \$0.24 per hour for part-time.

*An Additional One-time Bonus of .5% for full-time and part-time employees (minimum of \$100).
