

RE: REQUEST FOR QUALIFICATIONS STATEMENT- WASTEWATER TREATMENT PLANT BARSCREEN PROJECT

Two Rivers Utilities, (TRU) is soliciting Qualification Statements from interested firms to provide professional services for a project to install a redundant barscreen at the Crowders Creek Wastewater Treatment Plant. This project will involve a limited review of commercially available barscreens, specification of a barscreen and oversight of its installation in an existing channel. Major modifications to the channel will not be considered.

If your firm is interested in a submittal, the qualification statement must contain the following information:

1. Identification of a project manager and key personnel who will be DIRECTLY responsible for the project, along with summaries of experience, education, tenure with your firm and the location of the office from which the project manager will work. This should include all anticipated sub-consultants and other resources.
2. A summary of pertinent experience and qualifications of the firm relative to replacement of barscreens in an active wastewater treatment plant, and to similar projects undertaken by the firm, with specific regard to other municipal or governmental type work. References from previous municipal clients must also be included.

Please limit the qualifications statement to fifteen (15) pages, and submit either three (3) printed hard copies or one pdf copy via email. All qualification statements must be received by 5:00 pm on Friday August 16, 2019.
