Every Gastonia Transit bus has a large destination sign above its windshield, and another smaller sign next to the front door. These signs tell you the route number, the final destination and major points along the route. If you're not sure that you are getting on the correct bus, just tell the driver where you want to go, and he/she will be glad to help.

Be sure to have your exact fare (or ticket) ready to deposit in the farebox. Although our electronic fareboxes accept coins and bills, neither they, nor the drivers make change.

As the bus approaches your destination, let the driver know you want to get off by pulling the yellow cord above the window. Audible and visual stop announcements are made to assist our disabled passengers. If you are using one of the wheelchair positions, you should either pull the yellow cord alongside the window or push the vellow plastic strip beside you. A bell and lighted sign will alert the driver to stop at the next bus stop sign. Please remember to watch for your stop and sound the bell a block before the stop
